"Who was at fault in the Bowen-Loomis wrangle?" inquires an exchange. Asphalt.

There is now a great demand for the anti-sham girl. There is no anti-sham plank in the Democratic platform so the anti-sham girl is sure to get elected.

Norway has proven that secession is right when the section of country which secedes is big enough to make the other section doubt its ability to coerce the seceding section.

"How can a man best drown his sorrow?" asks an exchange. We refuse to say whether rocking the boat or taking her into the surf would be the best way to drown a man's mother-in-law.

Newspapers say one man connected with the Equitable was paid a salary of $20,000 for doing nothing. We dispute that. His job was to keep his mouth shut and his services were worth the money—to the management.

The medical journals now declare that the seaweed is wholesome, nutritious and delicious as food for man. Sh! Just as soon as seaweed finds that out, it will quit coming ashore in front of our cottage.

An exchange declares that Johann-Hoch is a hero because he says he is willing to be hanged Huh! No such thing. However, many a married man will admit that he could have won some of the Carnegie hero swag by desiring to be turned loose so he could run the risk of facing his forty wives.

DEAD AT THE ORTON

Brooklyn, New York, Stranger, Reputed to be Wealthy, Died Suddenly

JUST ARRIVED ON STEAMER

Went to His Room and Died of Acute Attack Before Medical Aid Could Reach Him—Remains to be Sent Home.

Mr. Henry Walters, about 65 years of age, reputed to be a wealthy citizen of Brooklyn, N. Y., retired from business and travelling for his health, died suddenly yesterday afternoon about 3 o'clock in his room at The Orton hotel where he had just arrived on the Clyde steamer Carib, which reached her wharf at 11:30 o'clock in the morning. Death was due either to an acute attack of heart disease or apoplexy. Dr. F. H. Russell had just arrived to attend the sick man when he expired, Mr. George W. Green, the housekeeper and other attaches of the hotel having been ministering to his suffering in every way possible until a physician could respond to a summons from the office of the hotel. The remains were taken in charge by Funeral Director James F. Woolvin and have been embalmed for shipment back North upon advices from relatives in New York.

While boarding the steamer in New York, Mr. Walters met Mr. Joseph A. Price, a salesman at the store of Messrs. S. & B. Solomon in this city, who was returning from a vacation North. Mr. Walters seemed to take a fancy to his young Wilmington friend and on the trip down from New York they were constant companions aboard the steamer. Mr. Walters told Mr. Price that he had travelled extensively and gave his address as No. 195 South Fourth street, Brooklyn. He said that he had never visited Wilmington and was coming down for a trip through Eastern North Carolina, going from this city to Newbern and later to Norfolk, Va. As the steamer was coming up the river and in sight of the city yesterday morning, the steward on the Carib told Mr. Price that Mr. Walters had just fainted in his room. Mr. Price went up to see the sick man and did what he could for him. Upon reaching the steamer's wharf in the city, Mr. Price ordered a carriage and rode with Mr. Walters to the hotel. Mr. Walters expressed himself as feeling much better and declined to have Mr. Price or any of the hotel people send for a physician. He registered in his own hand and explained his rather hard breathing, which was noticed by Mr. Huske, the clerk, by saying that he had a fainting spell on the steamer. He asked for and was given a cool room with bath, on the second floor, remarking just before going up to Mr. Eugene P. Albea, a travelling man from Winston, that it was rather warm but there was a cool breeze. Mr. Price left his companion in his room and asked the hotel people to notify him at the store if Mr. Walters became worse. The stranger ordered a glass of brandy and took a sip of it about the dinner hour. When the attendant saw that Mr. Walters was suffering, the hotel office was notified and Mr. Green and others went to attend him until a physician could arrive in response to an urgent 'phone message to several doctors. Dr. Russell had just reached the room when the man breathed his last. Mr. Price took charge of the effects of the stranger, summoned the funeral director and notified relatives of the death, several addresses of members of his family in New York and Michigan having been found in his pockets among his papers. He also had something over $100 in money on his person and a number of filled out money orders, evidently brought along in lieu of New York exchange.

No reply had been received last night from the relatives notified by wire, but it is expected that an order will reach here this morning for the shipment of the remains North.

VISITORS AT LUMINA.

Charlotteans Impressed With Beautiful New Beach Palace.

Gay and brilliant Lumina, whose fame has spread even to the cradle of American Independence in Mecklenburg, was alive with humanity yesterday afternoon and until a late hour last night, the occasion having been the arrival of the big excursion from Charlotte. The visitors—at least, many of them—had heard of the pretty palace before they left home and they all saw that their tickets read straight through to Lumina. The Charlotteans expressed themselves as delighted with the place and were liberal patrons of the various features of amusement in connection with the new pavilion. Dancing was a merry pastime last night and despite the fact that it was a Sunday School excursion which brought the bulk of the crowd, many of the visitors were not averse to "tripping the light fantastic" and joined merrily in the pleasures of the evening.

Drunk and Fighting.

Fred Hawes, black, charged with being drunk and making a "rough house" of the store of John Simon, a Syrian, on South Front street, was tried by Justice Furlong yesterday. He couldn't pay a fine of $5 and costs and went to the roads for 30 days.

TO OUST A COMMISSIONER

Sensational Charges Against Ex-Judge Sutton, of Fayetteville, Answered in U. S. Court Here Yesterday.

The only matter of interest in the United States Court yesterday was the appearance of ex-Judge Thos. H. Sutton, of Fayetteville, to answer a rule served upon him from Judge Purnell Monday, citing him to appear here and show cause why he should not be removed from the office of United States Commissioner. The charges are understood to be brought by Lawyer J. W. Musselwhite, of Hope Mills, N. C., who appeared at last week's term of the U. S. District Court as attorney for one G. A. Hodges, who was found not guilty of retailing. Hodges alleges that he paid Judge Sutton part of a fee of $5 to intercede for him in the higher court, Judge Sutton being the committing commissioner. It is also alleged that he failed to bind over to the higher court two defendants for selling liquor though the State authorities had taken action. A defendant named Does, also bound over to the higher court by the commissioner, alleges that he gave Judge Sutton a $5 bill on the train on his way to Wilmington to attend the past week's term of court, the same being to get the commissioner to intercede for him with the District Attorney.

Judge Sutton filed his answer to the rule, supported by a number of affidavits, with Judge Purnell yesterday morning. Judge Purnell signified his purpose to examine the papers carefully and make an order in the case later. Judge Sutton says in regard to the charge of Hodges that the fee paid him was part of an amount due him by Hodges for defending him in the State courts some time ago; that the charges are totally false and a base conspiracy to oust him from office to make place for another. He also says that the movement is being forwarded by certain parties who are dissatisfied with him as an official because they cannot control the policy of his court in regard to the enforcement of the Cumberland prohibition laws.

The entire session of the Circuit Court yesterday was taken up with the hearing of the testimony of the plaintiff, C. L. Parker, of New York, and Wm. Weeks, of Southport, in the suit of Parker against the water works company. The hearing will be resumed this morning.

AFTER A DERELICT.

Revenue Cutter Seminole in Search of Schooner Abandoned at Sea.

Lieutenant H. D. Hinckley, commanding the U. S. S. Seminole, yesterday at Southport received a telegram from the department at Washington, informing him that the schooner Clara E. Bergen had been abandoned at sea, ten miles south of Hatteras, and ordering him to proceed at once with his ship in search of the derelict. The cutter came up to Wilmington immediately, stocked her bunkers with coal and proceeded just before day this morning in search of the schooner.

The Bergen was struck Sunday morning by the fruit steamer George Dumois, bound from the West Indies to Baltimore. The crew was rescued by the crew of the steamer and the schooner was abandoned, having a large hole knocked in her starboard side. The vessel is a very old one, having been built more than 30 years ago, and the Norfolk tow boat owners thought it not worth their while to go in search of her from the report of her condition. However, the derelict is a danger to navigation and for the purpose of destroying the wreckage, the cutter has been sent out.

The Bergen was at the time of the collision bound from New York for Charleston with nitrate of soda. Last week the schooner sought shelter in Hampton. The Bergen was an old-time coaster of 450 tons and is said to be owned in New York. A dispatch from Norfolk last night stated that the schooner had disappeared 10 miles N. E. of the capes in 60 feet of water and was presumably sinking.

COLLISION INQUIRY

Investigation of Recent Accident Between Steamers Sea Gate and Wilmington

WAS INSTITUTED YESTERDAY

Testimony in Behalf of Steamer Wilmington—Record Being Taken By Official Stenographer—Father Dennen Complainant.

Capt. Fred. B. Rice and Capt. Jno. T. Borden, United States Steamboat Inspectors for this district, met yesterday morning at 10 o'clock at the Custom House, in this city, and sat as a District Court, as provided in the Statutes, for an official investigation of the recent collision of the excursion steamers Wilmington and Sea Gate, down the river about a week ago, particulars of which are well known to the public. The investigation, which has not yet been completed, is upon complaint to Supervising Inspector General George Uler, Department of Commerce and Labor at Washington, by Rev. Father C. Dennen, of St. Thomas' Catholic church, who was in charge of an excursion of members of his parish to Old Brunswick on the steamer Sea Gate, which was returning to the city at the time of the collision. It was officially stated yesterday that the investigation was at the instance of neither of the steamboat owners, though there is no doubt but that either or both of them are perfectly content to have all the matters in connection with the affair brought out and the responsibility attached.

There were present yesterday Inspectors Rice and Borden, Official Stenographer F. H. Hoban, of Charleston; Capt. Jno. W. Harper and Herbert McClammy, Esq., who with Hon. Jno. D. Bellamy appears as counsel for Capt. Harper; Capt. Melvin T. Craig, master of the Sea Gate; Mr. M. J. Corbett, president; Capt. W. A. Sanders, general manager, Messrs. R. R. Stone, B. O. Stone and W. A. Rourk, of Stone & Co., agents, all of the Wilmington, Southport & Little River Transportation Co., and their counsel, George Rountree and E. K. Bryan, Esqs. The complainant, Rev. Father Dennen was also present. Only two witnesses were examined yesterday morning. They were Capt. Harper and Mr. Louis H. Skinner, the last named having been in the pilot house with Capt. Harper at the time of the collision and who was asked by Capt. Harper to observe certain signals and the course of the boats, when it became evident from the close range of the steamers that there was danger. Both testified fully and were closely examined and cross-examined by the attorneys on both sides. At the conclusion of their testimony which lasted until nearly 1 o'clock in the afternoon, it was decided to adjourn the investigation until Monday, July 10th, as the attorneys employed were engaged with important matters in the United States Circuit and Superior courts, both of which are now in session here. On the date mentioned the hearing will be resumed and a large number of other witnesses will be examined.

The testimony yesterday was in behalf of the steamer Wilmington and the evidence was little, if any, shaken by the cross examination.

Capt. Harper said the steamer Sea Gate, returning from Old Brunswick, passed the Wilmington at Carolina Beach pier. The Wilmington came off from the pier and into the river channel 15 minutes late, the Sea Gate being about a quarter of a mile ahead. He did not drive the Wilmington but was in a hurry to get to Wilmington with the Brooklyn Baptist Sunday School excursion party and overtook the Sea Gate, which was signaled that the Wilmington intended to go to starboard. The signal was answered in acquiescence. The Sea Gate didn't change her course and kept so near the east side of the channel that the Wilmington was compelled to go east of the buoy marking the channel. The Wilmington passed the Sea Gate and was half a length ahead when the Sea Gate came alongside not ten feet away from the Wilmington and in her suction. The Sea Gate dropped back and came up again several times. The Wilmington signaled the Sea Gate repeatedly and to the last signal received no reply. In the narrow channel just above Big Island,, Capt. Harper said he stepped to the door of the pilot house and shouted to the captain if he didn't stop crowding the Wilmington he would report him. About Stake Light No. 7, the Sea Gate struck the Wilmington just forward of midships on the port side. The Wilmington was never to westward of the channel. The collision occurred not 30 feet from buoy on east side. Mr. L. H. Skinner was in the pilot house at Capt. Harper's request and remained there all the time.

Mr. Skinner testified in corroboration of what Capt. Harper said. Neither of the witnesses would admit there was a race on between the boats but Mr. Skinner said that some of the passengers on the Sea Gate would cheer as their boat would come up with the Wilmington; that dense volumes of smoke were pouring from the funnels of the Sea Gate, indicating that she had on a full head of steam. Much of the testimony was clothed in nautical phraseology, and will have an important technical bearing upon the result of the investigation.

—Joe Hill, colored, charged with being drunk and making himself obnoxious to residents in the neighborhood of a new house being built on Sixth, between Nun and Church streets, was given a straight sentence of 30 days on the roads in the police court yesterday.

IN THE SUPERIOR COURT

Very Little Progress Yesterday—Important Cases Succeeding Days This Week.

Very little progress was made in the Superior Court yesterday, the cases disposed of being tedious but unimportant. It is probable that the case of ex-Conductor C. T. Croom, charged with embezzlement, will be taken up to-day. The case is one of some interest, the defendant being well known and a large number of witnesses having been summoned. Herbert McClammy and William J. Bellamy, Esqs., have been engaged to appear for Mr. Croom and Marsden Bellamy, Esq., will assist the solicitor in the prosecution as counsel for the Consolidated Railways, Light and Power Co., which brings the charges against the conductor, the alleged offence having been committed while the defendant was entrusted with the collection of fares on a suburban car of the company.

To-morrow the case of T. F. Bell, charged with the killing of Roderick, will probably be taken up and on Friday the cases of highway robbery against the Mason boys and young Guthrie will probably be heard. It is doubtful if the docket, which has now increased to 80-odd cases will be completed at this term.

Court met at 9:30 A. M. and of the 30 jurors drawn as talesmen for the day, the sheriff returned 18 as found and as not found W. F. Brittain, Andrew Neilson, W. S. Howell, L. Gay, J. T. Hawkins, Z. McLauchlin, W. S. Bunting, H. G. Baldwin, James B. Fules, A. H. Paddison, E. W. Rogers, and Lewis C. Craig; excused by the ocurt, Ed. C. Craft.

The jurors returned were Samuel Bordeaux, Albert F. Gibson, H. McL. Green, Ed. C. Craft, Geo. Haar, Geo. H. Ward, J. O. Bowden, Madison M. Moore, H. N. Smith, Ed. E. David, Walter P. Burns, E. J. Littleton, Jno. S. Piver, Jas. A. Northam, Marshall Shrier, Samuel G. Hall, J. M. Holmes and Chas. D. Foard.

The only cases of interest during the morning session were those against Isaac Flowers, the one-legged negro, charged in seven cases with larceny and false pretence in stealing the baggage of four Croatan Federal court attendants whom the negro pretended he was going to show to a place of lodging. The Croatans came all the way from Robeson county to prosecute the case against the negro and the trial was unique for the appearance of the Croatans in court. Flowers pleaded guilty to all the charges and was given a cumulative sentence of 17 months on the roads in five of the cases and judgment was suspended as to the two other counts.

Jere Hewlett, charged with an assault with a deadly weapon, was found not guilty.

Alex. MacRae, colored, charged with breaking into the Elks' Cottage on Wrightsville Beach and stealing a pistol and some clothing, was given 12 months on the roads. In another case of carrying concealed weapons he was given an additional sentence of six months on the roads.

Will Lindsay, colored, pleaded guilty to an assault with a deadly weapon and was sentenced to 30 days on the roads.

Two cases against Ben Drye, an old colored man charged in two counts of an assault with a deadly weapon, was found guilty by the jury with a recommendation to mercy. He was represented by Herbert McClammy, Esq., and was sentenced to jail for six months with leave to hire out to pay costs.

The grand jury in a batch of true bills returned two against Julia Johnson, colored, for selling liquor on Sunday and two for selling liquor without license.

The court ordered 40 talesmen summoned for Thursday.

POLICE EXCURSION

Jolly Blue Coats Spent a Delightful Day Yesterday at Carolina Beach

WAS THEIR ANNUAL OUTING

Various Contests and Award of Prizes For Skill in Athletic Features and Pistol Practice—Dinner Given By Captain Harper.

The police excursion yesterday proved to be one of the most delightful outings ever held at Carolina Beach. The crowd was by far the largest seen at that popular resort this season; the weather was ideal and the order was excellent. The programme of sports mapped out by the committee in charge was observed to the letter and gave infinite pleasure not only to those who entered the various contests but to the spectators as well. The policemen and their friends were shown every courtesy and given every consideration by Capt. Harper, who was host at an elegant dinner served in the pavilion to members of the force and their guests, distinguished among the number being Mayor A. M. Waddell, Chairman D. McEachern, of the Board of County Commissioners, six or eight members of the Board of Aldermen and a number of other city officials.

The committee of arrangements from the force was composed of Messrs. H. W. Howell, chairman; G. R. Holt, E. J. Grimsley, E. Skipper, J. H. Ottoway, R. L. Truelove and W. C. Moore and they managed the affair with unusual credit to themselves and the Department. Capt. W. H. Northrop, Jr., Dr. C. T. Harper, Mr. F. T. Skipper and Mr. A. A. Herge[r] brother acted as judges of the various contests and gave eminent satisfaction. Alderman J. A. Karr, chairman of the Police Committee, acted as scorekeeper and "storekeeper," too, as one of his colleagues wittingly expressed it.

In the chicken striking contest, Officer J. R. Minshew captured first prize, a pair of fine Banister shoes offered by George R. French & Sons; Officer M. C. Gray was second, receiving a rug, given by W. Monroe & Co.; Chief Williams won the hat given by G. W. Penny; Officer J. B. Farrow won the picture by E. M. Andrews; Sergeant Burnett received the box of cigars offered by Mr. Geo. H. Heyer, and Officer R. L. Truelove won the trio of Buff Cochins, offered by B. F. Turlington.

In the high jumping contest, open to married men only, Chief Williams sprang high enough to reach the barrel of flour offered by Capt. Wm. F. Robertson and Sergeant Burnett won the blacking stand offered by the Behrends-Riley Furniture Co.

In the foot race for heavy weights Officer G. R. Holt won first prize, a pair of Bunion shoes offered by Peterson & Rulfs, while the other winners were as follows in the order given: E. J. Grimsley, pair patent leathear or tan oxfords by Chesnut & Barentine; H. W. Howell, crushed hat by R. F. Hamme; C. W. Woolard, box fine cigars by J. D. Vann; R. L. Truelove, box cigars by Caase & Schuler.

In the middle-weight foot race, Officer Leon George won the pair of Crawford shoes by J. H. Rehder & Co., while the others in the order given were as follows: W. R. Appleberry, Star Brand shoes by J. W. H. Fuchs; M. P. Newton, plug hat by C. L. Spencer; M. C. Gray, half dozen fine shirts by M. G. Tiencken; J. H. Dew, fine umbrella by Julius P. Taylor; J. H. Ottoway, two bottles wine by G. W. Linder & Co.

In the light-weight class Officer E. R. Chadwick outdistanced his competitors for a pair of $3 shoes by Levi McMillan & Co., while other winners were: J. R. Minshew, $3.50 pair shoes by Solomon's Shoe Store; C. S. Burnett, subscription to Evening Dispatch; D. W. Willis, easy chair by W. T. Mercer; J. J. Moore, fine hat by L. W. Davis; W. C. Moore, costumes by Parker & Sneed; W. J. Howard and other entries boxes of fine cigars given by Fennell & Hunt, N. E. Gallagher, C. E. Scherer, Chas. Richter, P. O. Hall, Jno. Brunjes, Martin Brunjes, Geo. Schnibben, Dixie Cafe.

In the heavy-weight and middle-weight classes a bottle of extract by B. C. Moore, five pounds Duke's mixture by H. T. Duls and a box of cigars each from W. C. Boesch, S. F. Craig, J. D. Dennis and Godfrey Hart were awarded to the tail-enders of the race, who came under the wire in much confusion.

The award of prizes in the pistol shooting for which a number of handsome gifts were offered will be officially announced by the committee later.

Charlotte S. S. Excursion.

Excursion trains seldom reach their destination on time but the Pritchard Memorial Baptist Sunday School excursion from Charlotte over the Seaboard Air Line yesterday proved an exception and came in on the minute. It consisted of ten coaches, a baggage and refreshment car and brought about 600 people, most of whom were from Charlotte. The train was run straight through to the beach over the Consolidated tracks and many of the excursionists remained there over night, though quite a number stopped in the city. The party will take a jaunt down the river on the steamer Wilmington to-day, stopping at Carolina Beach, Southport, Fort Caswell and going out to sea a short distance. The excursion will leave on the return to Charlotte at 7 o'clock this evening.

Do you love your wife? Then take her to "Lumina" to-night and hear the best music on the beach. **

JOHN CHINAMAN KNEW WHERE TO HIT.

The Chinese boycott is a serious thing but it would amuse us to know who it was that told the Chinese where our solar plexus lies. They hit the Yankee Nation in the right spot when the blow was aimed to hurt trade. We have regarded China as asleep but it is China that is making us open our eyes.

A few days ago it was announced in a cabinet meeting in Washington that China buys $21,000,000 worth of American products but our Chinese trade appears to be even greater than that. The Philadelphia Record says this about the boycott and the efforts here to placate the Chinese:

"China, the hitherto inert, has determined to hit back, and the American Asiatic Association (in fear of the impairment of the export trade of the New England cotton manufacturers, who send over $25,000,000 of sheetings per year into the Chinese market) has interested itself to secure decent treatment for Chinese travelers, students and merchants on their arrival in this country. The Chinese Government has until now protested in vain against the indignities to which visitors from the Celestial Empire who belong to the exempted classes have been subjected by our immigration officers. It was not asked of us that we make a new treaty nor that we amend our manners and observe our own Exclusion act according to its letter and spirit. China does not request, nor does she desire that the bars be let down to an influx of Mongolian wage laborers or coolies; but the humiliation of Chinese travelers who come to this country, as they have a legal right to do, for pleasure, or study, or trade, must cease."

The Chinese look upon this matter in a common sense way. They can see the reasonableness in excluding labor which comes into competition with American labor, but they cannot see why all classes of Chinese should be humiliated under our exclusion law. China has borne the humiliation for many years, and the method they have finally adopted is the boycott. The Record remarks that we are accustomed to think that such a thing as public opinion does not exist in China, and that the people of that country are incapable of collective action. The American Asiatic Association knows better. The power of the commercial bodies, the trade guilds and the innumerable secret societies of China is not to be despised. When exerted simultaneously and for a common purpose the influence of these various associations will reach the head of every family in the empire. It is quite a common thing for unpopular, or too rapacious, officials even of the highest ranks to be boycotted out of their bailiwicks. The effect of the taboo on American trade is already being felt in the refusal of native merchants to duplicate orders and of native newspapers to receive advertisements of American goods.

The Washington Post makes this too true observation about the boycott:

"It is to be feared that our beloved country has not played a very proud part on the stage of diplomacy and statecraft in connection with the problems growing out of the execution of the Chinese exclusion act. We lost some of our dignity, and, what is a great deal worse, we are in danger of losing some of our money. The Chinaman is 'a poor, benighted heathen,' but he is a statesman, nevertheless, and knows how to travel the nearest way to an end. We refused hearing to gentlemanly courtesy, and announced the relentless principle that law is law and must be enforced. We would not bend to international comity, but went by the letter of the law. We denied the appeal to justice itself, and lent insolence to rigor. And thus it was when China invoked another aid—self-interest. The commercial conscience—which is the commercial purse—was touched, and oh, what a sensitive conscience it is, and instantly responsive to the kiss of the gentlest zephyr that sports in the gardens of profit or steals over the deserts of loss. * * *

"It takes a very cheerful American to contemplate this thing without a sense of shame and a feeling of indignation."

JOHN PAUL JONES.

We see it stated in an exchange that John Paul Jones led a stormy and adventurous life, full of all sorts of vicissitudes, and he was not seldom in some pecuniary straits. But the records that have come down to us show that he held strictly and instinctively to a high standard of disinterestedness in public service, that he jealously defended the rights of those under him and disregarded his own. There is no reason to suppose that he was ever officially warned to abstain from private speculations likely to impair his usefulness in the public service. This, remarks our contemporary, is doubtless, equally true of every naval officer in the squadron charged to bring the body of the long-dead hero to an honored burial in the land he served so gallantly and so honorably. It is a pity, a great pity, that so much cannot be said of the special Ambassador who on this occasion represents the President of the United States.

North Carolina can come nearer to claiming John Paul Jones than any other State, and we are laying claim to him in an effective way. The Washington correspondent of the Charlotte Observer writes on Monday:

"The recent discovery of the remains of John Paul Jones in Paris and the arrangements for their interment at Annapolis have directed attention to the fact that the naval hero of the early days of the government received his appointment in the navy from North Carolina at the instance of the members who represented the State in the Continental Congress. This fact is brought out very strongly in a letter from Robt. Burton, a member of the Continental Congress in 1778, to Governor Johnston, of North Carolina, which was placed in the hands of Acting Secretary of the Navy Darling to-day by Senator F. M. Simmons. It is Senator Simmons' object to obtain corroboration from the records of the Navy Department with reference to Jones' appointment, so that an inscription reciting the fact that he was appointed from North Carolina can be placed on the monument which is to be erected beside his last resting place at the Naval Academy. The letter in question to Governor Johnston was resurrected by Capt. S. A. Ashe, of Raleigh, and given to Senator Simmons. It was taken from the executive letter book, appearing in the 21st volume of State Records, and is as follows:

"'Granville, January 28, 1789.

"'Dear Sir: As those men who have fought and bled for us in the late contest cannot be held in too high esteem and as Chevalier John Paul Jones is among the foremost who derived their appointment from this State that deserves to be held in remembrance to the latest ages, I take the librty of offering to the State as a present through you, its Chief Magistrate, the bust of that great man and good soldier to perpetuate his memory. If you do me the honor to accept it, you will please inform me a line, I am, etc.,

"'ROBERT BURTON.'

"Acting Secretary Darling was deeply interested in the letter and he said it would afford him genuine pleasure to make a thorough investigation of Navy Department records for proof. If the fact of John Paul Jones' appointment from North Carolina is authenticated, Secretary Darling indicated that a statement to that effect would appear on the monument to be erected in his honor. Senator Simmons left with Secretary Darling a letter from Capt. Ashe, giving additional information with reference to John Paul Jones' early associations. It is well authenticated that when a young man, Jones spent much time in Carolina. He lived with Willie and Allen Jones, two brothers, and from them he took the name of Jones. His real name was John Paul.

"Capt. Ashe wrote that Jones received his appointment December 22, 1775, and he expressed the opinion that it was through the influence of Benjamin Hawkins, Wm. Hooper and John Penn, members of the Continental Congress from North Carolina. With reference to the bust of Jones, which Robert Burton presented Governor Johnston, Senator Simmons is of the opinion that some of the descendants of the Executive may know something of its history and possibly its whereabouts. Many of Governor Johnston's descendants are said to live in the vicinity of Edenton."

We seldom fear a danger that we cannot see. The danger of being run-down by a horse is a very real one to everybody, the danger of being murdered by a microbe does not trouble us. And yet the minute microbe is more dangerous than the wildest horse.

The only people who can afford not to fear the microbes of disease are those who keep their blood pure and rich. These are practically immune from the attacks of most microbes.

Dr. Pierce's Golden Medical Discovery purifies and enriches the blood, and gives the body a vigorous vitality. It cures scrofula, eczema, boils, pimples and other eruptive diseases which are caused by impure blood.

"I had been troubled for about four years with eczema, or a skin disease, which at times was almost unbearable as it would itch so," writes Mr. John Larison, of 115 Powhattan St., Dallas, Texas. "I concluded to try Dr. Pierce's Golden Medical Discovery, and after using five bottles found that I was entirely cured. Please accept many thanks."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the blood.

Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

COTTON MARKETS.

New York, June 27.—The cotton market was active and firm all the session. Prices advance more than 30 points over last night's finals on active months and made new high records for the year. The opening was firm at an advance of 6 to 10 points in response to a sudden bulge in the English market following private reports of rains in the southwest. There was heavy realizing here but there was also active covering. New Orleans and Liverpool bought and prices continued to work higher. A brief reaction of 4 or 5 points occurred toward mid-day as the market quited down to receive the weekly weather report but immediately following the publication of the report showing less improvement in the crop than some had looked for, prices again started upward and reached the high points in the late trading when October sold at 9.22. The close was firm within 2 or 3 points of the best at a net advance of 27 to 32 points. Shorts were said to be the best buyers early, while later there was a good deal of demand credited to spot houses and the local bull leaders who had been credited with taking profits in the afternoon appeared to be supporting the market. Sales of the day were estimated at 600,000 bales.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Lion-head on every package.

ORTON BUILDING

SPIRITS TURPENTINE.

—The remains of Mrs. Will Ward, of Lumberton, who left there a week ago for Rex Hospital, Raleigh, and who died there Sunday morning, reached Lumberton Monday morning, accompanied by her husband, Mr. W. J. Ward. Mrs. Ward was a faithful member of the Baptist church, and leaves a host of relatives and friends to mourn their loss.

—Mrs. T. M. Watson, after months of intense suffering most patiently borne, died at 3 o'clock Sunday afternoon at Lumberton. The deceased was the mother of Mrs. S. McIntyre and Dr. R. T. Allen, of that place. She was loved and esteemed by a host of friends throughout the State. Her remains were carried to Wake Forest, where she spent the greater part of her life, for interment.

—As a result of the severe hail storm which passed through the western portion of Edgecombe county Saturday night, the farms of Dr. M. B. Pitt, Sheriff W. T. Knight, Redmond Reasons and others were badly damaged. In addition to the hail there was much damage from heavy rains, which will approximate thousands of dollars. From what can be learned there was no insurance.

—Raleigh News and Observer, June 27th: The last two places in Johnston county to vote on the question of the sale of liquor acted yesterday, and both by large majorities, went for prohibition. These places are Clayton and Kenly. Under the bill of Hon. Ed. S. Abell, of Johnson, passed two years ago the manufacture of liquor was forbidden in the county. Now there is no town in the county in which liquor is allowed to be sold. Besides this Johnston county has the anti-jug law, and it is claimed that now it will be the dryest county in the State, as it is already one of the most prosperous and progressive.

—A dispatch from Salisbury on Thursday says: Coroner E. Rose Dorsett has been spending the day in Cleveland, investigating a death that has a mysterious appearance of murder. Tuesday, Will McKethan, disappeared from his home and Wednesday morning, a search was instituted for him, resulting in his being discovered in a plum thicket about 100 yards from his home. Two holes as of bullets, were in his body and his shirt was almost torn off. There is every reason to believe that he was dragged from his home by a horse hitched to his legs. Tracks of such an animal were seen about the house and a track apparently that of something dragged was seen all the way from the house to the thicket, where more horse tracks were seen. Suspicion rests upon the dead man's children. McKethan's wife was not at home when her husband disappeared. As yet there have been no arrests.

—The remains of Stephen Wall, Jr., who was killed in Pittsburg, Pa., Friday morning, reached Rockingham Monday and were buried in East Side cemetery. Funeral services were conducted in the Methodist church. The body was accompanied home from Pittsburg by W. G. Finch, of Lincolnton, and D. A. Broom, of Marshville, schoolmates of young Wall's, who were at work with him at the time of his death. The circumstances of the accident were as follows: Young Wall and his companions were engaged in hoisting a steam chest by means of a crane. In doing this it was necessary for some one to go up on the crane to balance the steam chest. It came Wall's turn to do this, and while the heavy piece of machinery was being hoisted, and when it was about fifteen feet high, the bolts to which the chains were fastened on one side gave way. The steam chest, which weighed three tons, fell, carrying the young man down with it, and fell on his head. Death was instantaneous.

—Arthur Jackson, a white man, 21 years of age, was electrocuted on Carrier's bridge that spans the French Broad and Swannanoa river, two miles above Asheville Sunday afternoon about 3 o'clock. The young man's untimely dead is attributed directly to his desire to inspect a bird's nest in a crevice of the bridge, though, with no desire to rob the mother bird of her young. Mr. Jackson, in company with three companions, went for a tramp across the river into West Asheville, and returning by the river road came to Carrier's bridge shortly after 3 o'clock. When about midway the structure. Jackson espied a bird's nest near the top of the iron span and climbed the latticed work to where the nest was located, took the young birds from the nest, held them up to the view of his companions and then replaced them in the nest. In descending the young man walked along the top of the bridge to the end and in attempting to lower himself, caught an electric wire. Instantly and with a groan he fell back on the iron uprights, while the issue of smoke and smell of burning flesh drew the attention of the companions below and held them horrified. Sheriff Reed was notified and going to the scene, succeeded in getting the body down. Another similar tragedy occurred at identically the same place on Carrier's bridge, about three years ago, when Homer Randall, in walking along the top of the structure fell and caught the live wire, and was electrocuted. Mr. Randall was held about the bridgeway by the live wire until his hands burned off, when the body fell to the floor below.

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—10 cents a pound. Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequaled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

GET INSIDE.

Your Friends and Neighbors in Wilmington Will Show You How.

Rubbing the back won't cure backache.

A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—

They cure sick kidneys.

Here is Wilmington proof that this is so:

R. F. Rowan, clerk with L. W. Davis' Clothing House, residing on Castle street between Sixth and Seventh, says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result. I will gladly recommend Doan's Kidney Pills every time for backache."

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c, and $1.00 a bottle. The Morning Star.

WILMINGTON, N. C.

Wednesday Morning, June 28.

SWEDEN AND NORWAY

The Riksdag Debated Secession Lesterday—There Was Some War Talk But Not Generally.

By Cable to The Morning Star.

Stockholm, June 27.—Both houses of the Riksdag to-day elected an extraordinary committee to which were referred the government bill looking to a settlement with Norway. The debates on the remission of the bill brought out fiery speeches in which the action of the Norwegian Storthing was condemned and the Swedish cabinet severely criticised.

The tenor of the speeches throughout the debate in both houses created the impression that the majority of the speakers were of the opinion that a peaceful solution of the difficulty extremely probable. The debate in the upper chamber was initiated by G. A. Breg, who declared the proposals of the Swedish government were nothing less than a surrender to the Norwegian revolutionists. The Riksdag, he said, could not acknowledge Norway as a sovereign State before Sweden's just demands were fulfilled. If the bill was to be passed, it should be introduced by the government in whose statesmanship and capacity the Riksdag had full confiednce. Herren, Kennedy and Lithander, members of the right party, similarly criticised the government. The latter declared that Sweden's security and national honor demanded the most vigorous resistance to the acts of the Norwegian revolutionists. Cheers greeted the remark of Professor Sacfve that the negotiations should be accompanied by military preparations. Premier Ramstedt argued against the employment of force, saying a conquered Norway would be forever a source of danger.

King Oscar has directed the court marshal to issue the following statement regarding the rumor that His Majesty would be willing to place a Prince of the House of Bernadotte on the throne of Norway:

"The King does not approve the idea and will not consent thereto. The only condition under which His Majesty could reconsider this decision would be the unexpected expression of the wish of the Riksdag that a Prince of the House of Bernadotte should ascend the Norwegian throne."

King Oscar has addressed a letter expressing thanks for all the proofs of loyalty and affection he received recently from thousands of persons throughout the country.

FRENCH-GERMAN CONTROVERSY.

Emperor William Insists On International Conference.

By Cable to The Morning Star.

Berlin, June 27.—The German answer to the French note on the subject of the proposed Morocan conference was sent to Paris yesterday. A high official near Chancellor von Buelow informs the Associated Press that the German note, while perfectly amicable in form, insists upon a conference and also declines to comply with France's request that Germany outline before hand the programme for the conference.

Paris, June 27.—Germany's reply to the French note on the subject of Morocco, was presented during a conference between Prince Radolin, the German Ambassador and Premier Rouvier, at the foreign office to-day. While most friendly in form and entirely lacking a peremptory tone, Germany's response none the less maintains the position that the Moroccan question must be regulated by a conference of the powers without an agreement in advance limiting the scope of such a conference. This was accompanied by the presentation of Germany's general point of view in such an amicable spirit as to disarm the suspicion entertained concerning Germany's ulterior motives.

It is the general expectation that an agreement will be reached on the basis of a conference. Tension in official quarters has notably diminished, and this is only explainable on the theory that a conference will be accepted, as Germany's response does not make any notable concession. However, the agreeable tone adopted by Germany and the entire absence of menace appear to create the most favorable impression. This is a most fortunate turn of affairs, for while France sincerely seeks to avoid a rupture anything offensive to the national pride might have inflamed public opinion beyond the point of control.

CAPTAIN GRAHAM SUICIDES.

Son of Gov. Graham Leaps From Sixth Story Window.

By Wire to The Morning Star

Washington, June 27. — Captain Robert D. Graham, a lawyer 65 years old, who served in the Confederate army throughout the Civil War, and a son of a former cabinet officer, leaped from the portico of the window of the sixth floor of an apartment house to-day, and was so seriously injured that he died a few minutes after being picked up. He had been ill for some time and it is thought became despondent. The coroner gave a certificate of death from suicide. Captain Graham was a native of North Carolna, and a son of William A. Graham, at one time governor of that State, and at one time secretary of the navy under President Pierce. The deceased was for four years secretary of the civil service commissoin during the first administration of President Cleveland. It is expected that the remains will be taken to North Carolina for interment.

EXCITEMENT IN COTTON MARKET

Futures Advanced 32 Points Yesterday—Spot is 9.50.

By Wire to The Morning Star.

New York, June 27.—An active and exciting advance took place to-day in the cotton market, carrying prices to a new high level for the season. Final quotations were within 3 to 4 points of the top, and firm at a gain of 27 to 32 points for the day. The advance was chiefly due to reports of crop damage from heavy rains in the southwest and active covering and aggressive bull support. Sales for the day were estimated at 600,000.

Spot cotton closed quiet at 9.50 for middling.

WARM WIRELETS.

A number of directors of experiment stations of Southern States arrived at Wilmington yesterday and held conference with officials of the Agricultural Department. The principal object of their visit is to determine upon a uniform course of action, looking to the eradication of the cotton boll weevil.

The United States army transport Sumner left New York yesterday for Fort Monroe, where she will embark a number of companies of coast artillery, which participated in the recent war game on the Chesapeake Bay. These troops she will distribute at their various stations in New York and other coast cities.

RUSSIAN DEFEAT FULLY EXPECTED

St. Petersburg Preparing Us to Hear Bad News About Linevitch's Army

HAS PROBABLY LOST 70,000

Rumors That Gen. Kuropatkin Has Been Killed—Disaster Foreshadowed—Chinese Want Representation at Conference.

St. Petersburg, June 28.—2 A. M.—The foreign office has issued a communication confirming the statement made in the Associated Press dispatches that Russia has accepted the first ten days in August as the time within which the first meeting of the peace plenipotentiaries will take place. The precise date depends upon the time of the arrival at Washington of the Japanese representatives.

Chinese Desire to Take a Hand.

Pekin, June 27.—The correspondent of the Associated Press here is informed on good authority that China desires to be represented in the Russo-Japanese peace conference.

Uneasy About Linevitch.

St. Petersburg, June 27.—The military experts take anything but a hopeful view of General Linevitch's situation. They do not believe he can be surrounded, but apparently the experts do not consider the possibility of a Russian victory. Linevitch's retirement to Harbin and the isolation of Vladivostok seem to be regarded as foregone conclusions when Field Marshal Oyama strikes. According to the latest news from the front, which is 36 hours old, Oyama after forcing back the Russian right and centre transferred his weigh against the left, compelling the Russians to give ground there also.

Occasional heavy down pours of rain continue at the front. General Linevitch in a dispatch to the Emperor, dated June 26th, reports outpost affairs on June 24th, the Russians being driven in both south of the railway and in the valley of the Esinhe.

In the region of Hallungchen, the Japanese resumed the offensive June 22nd, and attacked and drove back the Russian advance squadrons.

Gen. Kuropatkin Killed.

St. Petersburg, June 28.—2 A .M.—A rumor spread throughout the city last night that General Kuropatkin had been killed. This rumor was connected sometimes with a report that 70,000 Russians had been cut off by General Nogi's army and that Kuropatkin had been taken prisoner. Nothing confirmatory of these rumors has been received either by the general staff or in press dispatches.

The members of the general staff say that no reports of special importance have been received. A report received from General Linevitch indicates that the Japanese advance continues steadily, and that the Russian van posts under pressure are retiring, fighting.

GREENE-GAYNOR EXTRADITION.

United States Wins, But The End is Not Yet.

By Wire to the Morning Star.

Ottawa, Ont., June 27.—The Supreme court to-day unanimously granted the motion made in behalf of the Government of the United States to quash the appeal of Gaynor and Greene from the judgment of the court of the King's bench, affirming the refusal of a writ of prohibition by Judge Davidson against the issue of a warrant for extradition. The report was quashed with costs.

The Court of King's bench of Quebec gave judgment in favor of handing over Gaynor and Greene, to the United States government. Leave was given to appeal to the Supreme Court of Ottawa, against that decision. The Supreme Court has decided that there is no appeal and consequently the decision of the Quebec court to hand these men over stands. The case now goes back to the Court of King's bench.

Montreal, June 27.—The question of jurisdiction in the Gaynor-Greene case was argued before Judge Quimel, of the Court of King's bench to-day, and Kudun Friday, when it is expected judgment will be given.

GOVERNMENT CROP REPORT.

Cotton Crop Generally Improved—Damage by Weevils.

By Wire to The Morning Star.

Washington, June 27.—The weather bureau weekly summary of crop conditions says:

"While heavy rain have indered the cultivation of cotton over a large part of the central gulf districts and in central and northern Texas, where many fields are foul the crop as a whole has experienced general improvement. The plants are generally undersized, especially in the central and eastern districts, but good growth is nearly everywhere reported. Complaints of lice continue from South Carolina and Georgia. In Texas less damage from web-worms and boll weevils is indicated; in western Louisiana, however, some fields have been abandoned on account of weevils and in Oklahoma and Indian Territory web-worms continue daming. Some picking has been done in extreme southern Texas.

"Under favorable conditions for transplanting tobacco, this work has been largely finished and the general condition of the crop is promising."

MISSING VIRGINIA LADY.

Fruitless Search for Miss Mary Rogers Since Saturday.

By Wire to the Morning Star.

Saranac Lake, N. Y., June 27.—There have been no developments today in the search for Mary Rogers, the wealthy Virginian young woman, who disappeared from this place last Saturday. Search which has been made since that day is still going on. The authorities have ceased their investigations into any possible criminal phase of the case, expressing the conviction that no crime has been committed. A brother of the young woman is expected to arrive here to-night.

The searchers returned to-night after a fruitless quest. Miss Rogers brother, William C. T. Rogers, of Leesburg, Va., and Raleigh C. Smith, of Baltimore, a brother of Willoughby N. Smith, arrived here to-night. Former Governor and Mrs. John W. Smith, of Maryland, drove over from Loon Lake, 20 miles away, to-day to express their sympathy.

NO BETTING AT THE RACES.

Governor Folk's Orders Being Carried Out at Delmar.

By Wire to The Morning Star.

St. Louis, June 27.—Sheriff Herpert, with a force of deputies, was present at Delmar race track to-day, and announced that any attempt at betting or book-making would result in arrests. The races were run, but there was no betting, and the betting ring was deserted. Comparatively few spectators were present.

YAQUI INDIAN BANDS MURDERING SETTLERS

They Have Killed Twelve Rzchmen and Several Women and Children—Twenty Indians Slain.

San Francisco, June 27.—A dispatch to The Chronicle from Tucson, Ariz., says:

At least twelve ranchers and several women and children have met death at the hands of a band of a hundred Yaqui Indians, who have been raiding the country along the San Miquel river in the Ures district of Sonora, and a party composed largely of American mining men, headed by Joseph DeWitt, has gone out to Pozo station to rescue the unfortunates who are in danger of being massacred by the Indians.

Dr. Frank J. Toussant, who has returned from Ures brought the news of the trouble which began last Friday. After several families had been murdered by the Indians, ranchers made a determined stand at Buenos Ayres ranch where, aided by about fairty employees, they succeeded in repulsing the Indians, although Jesus Ortondo, proprietor of the place, his brother, Francisco, Luis Carranza, proprietor of an adjoining ranch, and several other neighbors died from wounds received in the fight. Besieged Mexicans took refuge in a ranch house and fought from the windows and roofs. It is thought that fully twenty Indians were killed.

The nearest armed force is stationed at Ures and when Dr. Toussant left Hermosillo, they had been sent to the scene of the outrages. Five Yaquis taken just outside of LaChumata and thought to have taken part in the massacres were immediately hanged.

Nogales, Ariz., June 27.—The stories sent out from this place regarding the attack of Yaqui Indians upon the Buenos Ayres ranch in Sonora last Sunday, in which 20 Yaquis and several settlers and their families were said to have been slain, are the grossest exaggerations. The only foundation for the report was a fight occurring at the ranch in which two Indians were killed and Luis Caranza was wounded. There was no attempt at a massacre and no troops were sent out as reported.

REIGN OF TERROR IN POLAND

Troops Shooting or Capturing Socialists Wherever Found—Prisons Overflowing With Prisoners.

By Cable to The Morning Star.

Warsaw, June 27.—A secret meeting of 200 socialists in the forest of Zquierz, near Lodz, was surprised by Cossacks at noon to-day. Eighteen of the socialists were wounded and 180 arrested. The authorities are making an insistent search for the socialist leaders. In the course of the search to-day a number of persons were killed or wounded. All the restaurants and liquor stores have been ordered closed. The day passed quietly here. Polish papers this evening unanimously condemn the strikes and their resultant disturbances which they say can only lead to blood-shed and distress.

All the prisons are full to overflowing, no less than 672 persons, mostly Jews, having been arrested during the last twenty-four hours. It is expected that a state of seige will be proclaimed, as great riots are anticipated during the moblization. The laborers on thirty-two beet root plantations in the government of Podolia have struck, and it is feared the harvest will be lost. The peasants in the government of Kovno are forefully occupying pasture and other lands of the proprietors of estates.

Karkoff, Russia, June 27.—Troops were dispatched from here to-day to three adjoining districts where the peasants are sacking estates and burning buildings.

Rioting In Odessa.

St. Petersburg, June 28.—2 A. M.—The wave of disorder roiling over Russia has appeared at Odessa, where a general strike accompanied by bloodshed and disorders has broken out. There were several collisions between the military and the strikers Monday night and yesterday in two of which volleys were fired by the troops. No report of the extent of the casualties has been received, the official statement dealing only with the initial encounter Monday night, declaring that two persons were killed therein. There was another encounter yesterday afternoon and a number of attacks were made on individual policemen. A press dispatch received last night said that 400 armed workmen barricaded a suburb and repulsed the attack of a company of Cossacks. Reinforcements of three companies of Cossacks were sent to the suburb, but the result of their attack on the strikers is not yet known. There is little news from Poland, but copies of the Lodz Gazette giving an account of the demonstrations are eagerly read. A telegram to the official agency gives the number of killed and those who died of their wounds on Friday as 164. It adds that others were killed Saturday and Sunday and that the complete number of victims cannot be stated definitely. Other accounts give a total estimate of 500 dead at Lodz.

CHINESE BOYCOTT IS WIDE SPREAD

Minister Rockhill Powerless to to Stop Fight Against American Manufacturer's

SURPRISING PUBLIC SPIRIT

China Proposes to Send Special Mission to Washington—Insist on Emigration of Coolies to Phillippines and Hawaii.

By Cable to The Morning Star.

Pekin, June 27.—The question of Chinese exclusion from the United States continues cheifly to occupy the attention of the Chinese. The extent and depth of the feeling manifested astonishes foreigners and is regarded as an evidence of the growth of a national sentiment of public spirit which five years ago would have been inconceivable. Advertisements of American goods continue to be refused by the native newspapers.

The chief obstacle is the question of exclusion of coolies from Hawaii and the Philippines. It is urged that there is no reasonable objection to the landing of coolies in Hawaii where they do not compete with American labor while Chinese imigration has long been established in the Philippines.

These points the Chinese regard as essential, but it is though unlikely that they will be conceded by the American government hence the apparent deadlock. With a view of facilitating settlement, China yesterday proposed to send a special mission to Washington, but American Minister Rockhill declined to entertain the idea. In the meantime, the boycott of goods from the United States continues and the anti-American campaign is increasing in vigor.

The American minister has applied to the board of foreign affairs to check the movement, and Viceroy Yuan of Chili province has issued a proclamation on the subject, but its efficiency is considered doubtful.

ROOSEVELT AT HARVARD

Joined as Private Citizen With His College Mates—Rode Through Pouring Rain.

By Wire to The Morning Star.

Cambridge, June 27.—Joining with his former college-mates in celebrating the 25th anniversary of the graduation of their class from Harvard today, President Roosevelt returned to his alma mater not as the chief magistrate of the nation, but as a private citizen and a loyal Harvard alumnus. Nevertheless students, alumi and the citizens of Cambridge united in giving him a hearty greeting as he drove through the streets of the University city. The President's day was a busy one.

During the forenoon President Roosevelt visited the rooms of the Alpha Delta Phi Society, the Harvard stadium and the Chestnut Hill residence of George C. Lee, the father of the President's first wife. The President was then driven to the Oakley County Club in Watertown where the class of '80 held an informal reunion and luncheon was served.

Returning from the Oakley County Club, the President was driven to the rooms of the Porcelain Club, an organization of Harvard students, where he stayed about half an hour. To-night he was driven to the Hotel Somerset in Boston, for the banquet of the class of '80. It was late in the evening when the party returned to Cambridge.

The President, however, insisted that the hood of his carriage be lowered in order that the people who had gathered to see him might not be disappointed, and though the rain fell heavily, the President rode through it apparently not in the least disconcerted.

President Roosevelt was accompanied on his drive by a secret service officer and a squad of mounted policemen.

THE SEABOARD AIR LINE.

Opposition to Reorganization is Strong and Will Fight.

By Wire to The Morning Star.

New York, June 27.—With the announcement by the Ryan-Blair syndicate that 83 per cent. of the stock of the Seaboard Air Line railway has been deposited for exchange into certificates of the Seaboard Air Line company a peculiar situation has arisen. Ten millions of stock refused to come in, and stands out demanding to know what Mr. Ryan is doing.

The road is not bankrupt, nor in receivers hands, therefore it cannot be reorganized in the usual way. If attempt is made to turn the entire property over to the new holding company the outstanding stockholders will go into court to claim their vested rights. It was said today that the interests in the company stand as follows:

Baltimore stockholders pool $20,000,000, Shepard and Ladenburg Thalman and company interests $12,000,000; Ryan-Blair syndicate $18,000,000, outstanding interests $10,000,000.

ASHEVILLE GATHERINGS.

Forty Missionary Volunteers—Kappa Alpha Convention.

By Wire to The Morning Star.

Asheville, N. C., June 27.—Delegates from almost every chapter of the Kapa Alpha, South, fraternity met here to-day for the 23rd biennial convention of the society. The visitors were welcomed by ex-Mayor W. C. Corcke, whose address was responded to by R. H. Holland, of New York. At the morning session reports on the condition of the chapters were received. The delegates attended a smoker at the Albemarle Club this evening as the guests of the local alumni.

To-night's session of the Young People's Missionary movement conference at the Kenilworth Inn was featured by addresses made by forty volunteers who will go as missionaries to foreign fields. Their remarks were greeted with enthusiasm. Dr. O. E. Brown, of Vanderbilt University, spoke at the morning session. This afternoon the delegates were driven through the Vanderbilt estate at Biltmore.

FUNERAL OF MR. E. A. BROWN.

Remains of Valued Citizen and Gallant Confederate Committed To Earth.

The funeral of the late Edward Andrew Brown, whose death occurred Monday at the hospital, was conducted at 10 o'clock yesterday morning from Saint James Episcopal church, Rev. Harold Thomas, assistant rector of the parish, and the Rev. James Carmichael, D. D., rector of St. John's parish, having officiated. Many of the officials and employes of the Southern Express Company in which Mr. Brown was a veteran in the service attended the obsequies and paid respectful tribute to the memory of one whom they held in such high esteem. The floral offerings were many and very handsome.

NO HOPE FOR DOCKERY.

Intestinal Complications Have Developed—Nothing Heard of Bernard.

(Special Star Telegram.)

Raleigh, N. C., June 27.—The hope attending physicians have held out of the possibility for the recovery of John C. Dockery, who was shot Saturday by Policeman Rogers on the charge of having ruined his daughter, is gravely discounted to-day, intestinal complications having developed. After a consultation this afternoon, the physicians give out the statement that while he withstood the shock and consequent hemorrhages well, indications of perforations of the intestines have developed that make the situation as desperate as can be.

Nothing has been heard of C. M. Bernard, who is wanted for civil and criminal prosecution for the ruin of the other girl, Bertha Howell. The preliminary hearing of Rogers for shooting Dockery is postponed to Saturday morning.
